DETAILED ACTION

Election/Restrictions

1). Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1 to 6, drawn to a product, classified in class 420, subclass 422.
- II. Claims 7 to 10, drawn to process of using, classified in class 376, subclass 260.

Inventions I and II are related as product and process of use. The inventions can be shown to be distinct if either or both of the following can be shown: (1) the process for using the product as claimed can be practiced with another materially different product or (2) the product as claimed can be used in a materially different process of using that product (MPEP § 806.05(h)). In the instant case, there is a two way distinction in that a) the method of use can be used in a materially different product, such as a reactor control rod structure, or a uranium-zirconium homogeneous matrix structure, and b) the process as claimed does not require the specific range of alloys recited in group I.

2). Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

3). Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

4). Any inquiry concerning this communication or earlier communications from the examiner should be directed to John Richardson whose telephone number is (703) 305 0764. The examiner can normally be reached on Monday to Thursday from 7.00 AM to 4.30 PM. The examiner can also be reached on alternate Fridays.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael Carone, can be reached on (703) 306 4198. The fax phone number for the organization where this application or proceeding is assigned is (703) 305 7687.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the receptionist whose telephone number is (703) 308 1113.
